

## Grants by Grant Cycle

Grants matching your search for **2014-15 Tire-Derived Product Grant Program (TDP15 )**

### Alameda County

**Grantee:** City of Dublin

**Amount Awarded:** \$99,445.00

**Grantee Contact:** Rosemary Alex

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** The City of Dublin proposes to use tire-derived crumb rubber for the in-fill of a xxxx square foot synthetic turf soccer field facility. The two soccer fields are part of the 19-acre Fallon Sports Park - Phase II development. Construction is anticipated to begin spring 2015 and be complete by summer 2016.

*Total Awarded for County:\$99,445.00*

### Butte County

**Grantee:** City of Oroville

**Amount Awarded:** \$35,932.00

**Grantee Contact:** Rick Farley

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** The grant funds will be used to purchase TDP materials, rubber playground mulch cover, for two City playgrounds. The two playgrounds are located in the City of Oroville and are: Hewitt Park at 2101 Baldwin Avenue and Rotary Park at 1200 Safford Street. City crews will do the installation.

*Total Awarded for County:\$35,932.00*

### Kern County

**Grantee:** Wasco Recreation And Parks District

**Amount Awarded:** \$113,030.00

**Grantee Contact:** Mrs.Vickie Hight

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** Currently three of our Tot Lots at Westside Park, Barker Park, and South Gate Park are not meeting CPRS Standards. Wasco Recreation and Parks would like to update all three of our parks to meet the CPRS and Ada compliance code .

*Total Awarded for County:\$113,030.00*

### Kings County

**Grantee:** City of Avenal

**Amount Awarded:** \$83,595.00

**Grantee Contact:** Mr. Steven Sopp

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** The City of Avenal will use this grant to complete the following:

1. Install rubber mulch at 3 playgrounds at two parks in the City.
2. Install rubber pavers for a walkway at Rice Park between the pavilion and the bathrooms.
3. Install a rubber surface on a basketball court at Rice Park.

**Grantee:** City of Lemoore

**Amount Awarded:** \$20,000.00

**Grantee Contact:** Sheila Taylor

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** To install playground mulch at a new City playground

*Total Awarded for County:\$103,595.00*

## Los Angeles County

**Grantee:** City of Culver City

**Amount Awarded:** \$66,600.00

**Grantee Contact:** Charles Herbertson

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** The Public Works Department is requesting \$xxxx in grant funding for a proposed sidewalk project to install rubberized walkway and sidewalk panels. These rubberized panels will be used for the existing walkway at Carlson Park. The walkway is in need of repairs due to tree damage and lack of City funds for replacement.

The Tire-Derived Products will also be used citywide for repairs in areas where tree roots have lifted the sidewalk. The panels will help preserve trees as well as minimize trip hazards for daily pedestrians and recreational use. The panels will be placed adjacent to the tree trunks. When the rubberized panels do get displaced by tree roots, maintenance staff will only need to reset the lifted panels rather than have to break up huge portions of concrete. This will reduce the time and cost of future sidewalk repairs as well as continue to provide a safe, recreational atmosphere for the community.

**Grantee:** City of Signal Hill

**Amount Awarded:** \$18,375.00

**Grantee Contact:** Ms. Aly Mancini

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** The Project will be located at Signal Hill Park at 1780 E. Hill Street, Signal Hill, CA 90755. The Project will replace wood chips with PolyStar Bound Rubber Mulch Playground Safety Surfacing with an area of xxxx Square Feet at xxxx" depth for up to xxxx' fall height. The Project will divert xxxx PTE's from the landfill.

*Total Awarded for County:\$84,975.00*

## Marin County

**Grantee:** City of Larkspur

**Amount Awarded:** \$66,524.00

**Grantee Contact:** Alvin Tan

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** The City of Larkspur is proposing to replace non ADA compliant fall zone material (sand) with rubber mulch surfacing made from California tire-derived recycled material at Heatherwood Park. This park is located adjacent to the City multi-use trail and within the Heatherwood Neighborhood. The park is utilized by the Larkspur community for picnics, resting, leisure and play. xxxx pounds of rubber bark will be used for the proposed surfacing, equating to xxxx PTEs being diverted from landfills.

The TDP grant will also help fund the replacement of the rubber infill material for a synthetic turf soccer field behind Hall Middle School, located in Larkspur off of Doherty Drive. The synthetic turf has been in service since 2003 and is in need of replacement. xxxx pounds of crumb rubber infill will be used for the new synthetic turf, equating to xxxx PTEs being diverted from landfills.

*Total Awarded for County:\$66,524.00*

## Mono County

**Grantee:** Eastern Sierra Unified School District

**Amount Awarded:** \$82,100.00

**Grantee Contact:** Tony Ruiz

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** Installation of recycled rubber tiles for new playground equipment at four (4) elementary schools. Square footage is approximately xxxx square feet.

*Total Awarded for County:\$82,100.00*

## Nevada County

**Grantee:** Union Hill Elementary School District

**Amount Awarded:** \$19,280.00

**Grantee Contact:** Ms. Donna Thomassen

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** Replaceground cover for two play structures on campus.

*Total Awarded for County:\$19,280.00*

## Riverside County

**Grantee:** Jurupa Area Recreation and Park District

**Amount Awarded:** \$39,900.00

**Grantee Contact:** Mrs.Brenda Reynolds

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** Playground Revitalization at Wineville, Laramore and Agate Parks. To replace existing playground surfaces for safety. Playgrounds have been in service for over ten years and are in need of repairs to the safety surface for the play areas.

*Total Awarded for County:\$39,900.00*

## San Benito County

**Grantee:** City of Hollister

**Amount Awarded:** \$149,999.00

**Grantee Contact:** Mr. Michael Chambless

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** Rubber will be used for fall protection for 2 new playgrounds.

*Total Awarded for County:\$149,999.00*

## San Joaquin County

**Grantee:** City of Escalon

**Amount Awarded:** \$39,165.00

**Grantee Contact:** Diana Trejo

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** The City of Escalon will be improving its most frequently used park which is located at our Community Center and Recreational Fields. The City is investing in new playground apparatuses, new concrete work, rubber mulch, a new streetlight, additional CCTV cameras, and new benches and trash receptacles. Hogan Park currently uses wood fiber spread over a dirt base as playground surface cover. To improve safety and minimize the expense related to the maintenance and replacement of the wood fiber, the City would like to convert this surface cover to rubber product surface cover that is made from 100% California-generated waste tires. The desired depth of the loose rubber product for the proposed project is xxxx inches. Currently, the wood fiber at Hogan Park is only and average of xxxx inches deep. Wood fiber material decomposes and compacts over time, resulting in thinner layers that provide less cushioning. For this reason, Escalon proposes to add the tire-derived product cover to the playground. xxxx PTEs will be diverted from the California waste stream through this process.

**Grantee:** Ripon Unified School District

**Amount Awarded:** \$150,000.00

**Grantee Contact:** Ms. Salli-anne Newhard

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** Installation of playground mulch

*Total Awarded for County:\$189,165.00*

## **Santa Clara County**

**Grantee:** Santa Clara County

**Amount Awarded:** \$149,985.00

**Grantee Contact:** Joanne Yee

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** The ground rubber mulch will be used for landscaping and weed abatement. It will be applied to County of Santa Clara owned and managed facility sites. The applications will be focused on relatively flat locations and measures will be taken to prevent the mulch from entering into the storm drains.

*Total Awarded for County:\$149,985.00*

## **Shasta County**

**Grantee:** Anderson Union High School District

**Amount Awarded:** \$43,956.00

**Grantee Contact:** Donell Evans

**CalRecycle Grant manager:** Noel Davis

**Project Summary:** West Valley High School has served the needs of students and the community for 30 years. It is the largest of the district's campuses and has an extensive track program. The site hosts it's own league meets but also serves as the preferred site for many invitational meets as well as the section championship meet. The current track has aged and worn significantly and now poses problems for the level of use the facility sees during a given year. The campus buildings and infrastructure have been modernized over the last two summers with the support of the community via a bond measure. However, these improvements have not addressed the aging athletic facility. Removing the existing structure and installing a new synthetic track surface would greatly improve the athletic facilities of this campus. The district was successful in its participation in a former Tire Derived Grant Project at Anderson High School and is very interested in being able to utilize this program for the West Valley High School track project as the impact would be even greater than at the previous location due to the volume of participants and stakeholders that have an interest in ensuring this facility's improved operational condition. A new track will greatly benefit not only our students, but students in our entire athletic division, and the South Shasta County Community.

*Total Awarded for County:\$43,956.00*

## **Solano County**

**Grantee:** City of Dixon

**Amount Awarded:** \$19,505.00

**Grantee Contact:** Ms. Janet Koster  
**CalRecycle Grant manager:** Noel Davis  
**Project Summary:** Replace existing Little League infield from decomposed grant to tiles made of recycled tires to make the site accessible to the disable and weather resistant to allow play during more months of the year.

*Total Awarded for County:\$19,505.00*

**Ventura County**

**Grantee:** Ventura County  
**Amount Awarded:** \$95,019.00  
**Grantee Contact:** Scott Powers  
**CalRecycle Grant manager:** Noel Davis  
**Project Summary:** The proposed project involves the use of California tire-derived rubber mulch (over xxxx PTE) to beautify greenways and parklets, replacing xxxx square feet of dying turf grass mainly around and near the Ventura County Main Jail.  
  
As part of the County’s Integrated Pest Management and drought response initiatives, the General Services Agency has already gained experience with installation and maintenance of tire-derived rubber mulch at the Ventura County Government Center. However, funds from this grant proposal are necessary for this work to expand to the targeted additional xxxx square feet of grass space within the parking medians at the Ventura County Government Center.

*Total Awarded for County:\$95,019.00*

**Grant Count: 18** **Grand Total for Selected Counties: \$1,292,410.00**
